Be Well Homeopathics was co-founded by Richard T. Clement MD in 2000.

Dr. Clement has been practicing Medicine for twenty years. He has practiced in Europe, The West Indies, The Pacific and America. He has managed the Medical department of a major Homeopathic company, Heel Inc. He formulated Homeopathic for Heel and Arkopharma. During his employment he learned about clinical studies, regulatory and manufacturing issues. He is a member of the HPCUS and has consulted for NIH. on CAM. He currently teaches Homeopathy and Pharmacology at the ATOM (Acupuncture) school of Fort at the Lauderdale, practices part time in Paris (France) and formulates Homeopathics and Herbal remedies. He has lectured worldwide and written many articles on Homeopathy and Complementary Medicine. He has written two correspondence courses in Homeopathy and Homotoxicology.

"Be Well Homeopathic formulas are scientifically formulated with respect for the homeopathic tradition, they are based on my personal clinical experience and the one of my colleagues, Be Well Homeopathics has improved existing formulas and allow the practitioner to obtain excellent clinical outcomes”.

"Be Well Homeopathic formulas cover the majority of the cases you see in practice, they are easy to remember and have clear indications for the patient, most of our labels are in English, Spanish and French”

“I am personally at your service to assist you with your patients” Richard T. Clement MD
Be Well Homeopathic Drops are recommended at 10 drops sub-lingual three times daily or in half a glass of water (keep the water in the mouth for 30 seconds before to swallow for maximum efficacy).

Nasal spray one nasal spray three times daily in each nostrils (they can be taken also as a sub-lingual administration one spray three times daily).

Oral Spray one Spray sub lingual three times daily.

Ointment (Arnica Well Gel or CPR/Speed Gel) one application ¼ teaspoon to apply on the painful region to repeat several times daily.

**Acute Conditions:**

Administration every ten minutes until symptoms improve then three times daily.

For example: Be Well Flu Terminator, Be Well Allergy, and Be Well Headache Nasal Spray.

High sensitive individuals versus Low sensitive individuals:

High sensitive individuals may respond to lower dose (5 drops) or less frequent administration.

Low sensitive individuals require more frequent administration and increase dosage (15 drops for example 6 times daily)

**Chronic Conditions:**

Certain conditions require long term therapy for example, Be Well Hypertonia for HBP, Be Well Anthracinum for skin infections, however with Homeopathy the medications need to be discontinued or taken less often when symptoms improves.

**Mint, Coffee, Camphor:**

Homeopathic medications should no be taken at the same time as Mint, Coffee or Camphor, if a patient as minimum response to the treatment, evaluation of the intake of the above named substances is necessary.
**Aggravations:**

Be Well Homeopathic Formulas are specially designed to be well accepted by most of the patients, in certain cases a small increase of the symptoms may be encountered at the first intake: for example in acute conditions an increase of sneezing after the intake of Be Well Sinus Nasal Spray before the improvement. The aggravation is moderate and at the moment we have no reports that aggravations compromise compliance.

**Associations of Therapies:**

Be Well Homeopathic Formulas can be taken with other treatments: Herbal, vitamins, acupuncture and/or synthetic medications at the moment we have no reports of any side-events or side effects.

We advocate the combination of therapies for maximum patient benefit, nutrition and Homeopathy, Homeopathy and Acupuncture. Two formulas can be associated when indicated, Homeopathy can be associated with Nutritional supplements, Allopathic medications and Chinese herbals medications.

**Manufacturing:**

Be Well Homeopathic Formulas are manufactured in GMP approved facilities, we carefully select the best ingredients and we use a manufacturing facility in pollution free environment. Our products have NDC numbers (Registration with the FDA) and Bar Codes.

**Medical support:**

When using Be Well Homeopathic Formulas you have access to the personal Medical support of Dr. Richard T. Clement send an email with your questions to bewellhomeo@cs.com or call 1-877-438-3042.

**Patient satisfaction:**

Several studies indicate the wide use of complementary Medicine by the population up to 75%, the use is mainly among the educated and wealthy population as well as among Hispanics and Europeans. Patient satisfaction has been evaluated to be as high as 80% and similar or better than standard therapies.

**Practitioner satisfaction:**

Many of our colleagues are available to share their clinical success with the Be Well Homeopathics line of products, call us for names of colleagues using our products.
